

## For iTernity Reseller and Solution Partner ITERNITY DEAL REGISTRATION

iTernity resellers and solution partners can get a time-restricted project protection and additional discounts. **These special discounts will exclusively be granted for projects that have been successfully registered via our website.**

### How it works:

1. Register your project on our dealreg-website: <https://iternity.com/deal-registration>
2. After verification and approval by iTernity, the partner receives a confirmation of project protection by email.

- The program is in effect until December 31st 2025.
- The project protection is valid for 6 months and can be extended to 3 additional months on request by sending an e-mail to [dealreg@iternity.com](mailto:dealreg@iternity.com).
- This deal registration is not applicable to licenses sold via HPE, and can not be combined with any other special discounts or rebates of iTernity GmbH and its partners.
- A registration according to this program can only be made for all new business opportunities. Support renewals, upgrades of existing valid contracts and archive volume extensions are excluded explicitly from this program. For new opportunities of existing customers, we will decide case by case.
- Only one partner can gain project protection exclusively per opportunity. The partner who registers first is going to receive the conditions according to its partner agreement on a „first come, first serve“ basis.
- Partners without special partner agreement are going to receive an additional discount of 15% on licences only, and additional 5% on services and support in terms of standard conditions if the project is approved.
- Projects without registration or refused registration can only be purchased at standard conditions (currently 10% on licences, 10% on support and services) from the distributor.
- iTernity will respond to registrations within 5 working days after receipt.
- On registration of the project via our webpage the partner receives an automatic reply by e-mail stating the details provided.
- After verification the partner receives an e-mail of confirmation or refusal.
- iTernity reserves the right to amend or terminate this program at any time without prior notification.
